

**City of St. Helena
Water Advisory Board
Regular Meeting
Friday, May 6, 2022 @ 10:00 AM**

PLEASE NOTE: Any person who wishes to speak regarding an item on the agenda or make a comment under the "Oral Communication" portion of the agenda may do so, but please observe the time limit of four minutes.

This meeting will be conducted pursuant to the provisions of Government Code Section 54953 (as amended by AB 361) which authorizes teleconferenced meetings under the Brown Act during certain proclaimed States of Emergency. The Governor of California proclaimed a State of Emergency related to COVID-19 on March 4, 2020. This teleconferenced meeting is necessary so that the City can conduct essential business and is permitted under Government Code 54953 in order to protect public health and safety of attendees.

Consistent with Government Code Section 54953, this City Council Meeting will be held via teleconference only, and will not be physically open to the public. Water Advisory Board members and staff will teleconference into the meeting by audio and/or video. The meeting will be conducted via Zoom Webinar. Public comment for Water Advisory Board meetings will be accepted via email to publiccomment@cityofstheleena.org. All public comments must be emailed by 8:00 AM prior to the meeting. Emailed public comments will not be read out loud but will be publicly available and attached to the on-line Water Advisory Board agenda.

In the event a quorum of the Water Advisory Board loses electrical power or suffers an internet connection outage that is not corrected within 10 minutes, the meeting will automatically be adjourned. Any items noticed as public hearings will be continued to the next regularly scheduled meeting of the Water Advisory Board. Any other items on the agenda that the Board has not taken action on will be placed on a future agenda. Please see the end of the agenda for detailed PUBLIC PARTICIPATION instructions. To learn how to use Zoom, please see the instructions below.

Cindy Tzaferopoulos, City Clerk

In Compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please call the City Clerk's Office (707) 968-2742. Notification 72 hours prior to the meeting as required by Section 202 of the Americans with Disabilities Act will enable the City to make reasonable arrangements to ensure accessibility to this meeting.

THE CITY OF ST. HELENA ENCOURAGES ONLINE PUBLIC PARTICIPATION IN VIRTUAL MEETINGS

St. Helena, CA– The City of St. Helena is committed to public participation in City government in a manner that is consistent with guidance provided by the Napa County Public Health Official and Governor Newsom's Executive Order N-25-20. These guidelines relate to social distancing, and are intended to protect everyone by limiting the spread of COVID-19 in our community. In adherence to these guidelines, the St. Helena Water Advisory Board will host a Virtual Meetings on Zoom; a free teleconferencing tool that enables users to watch and/or call into the meeting from their computers or phones. This meeting will be open to public and allows for live public comment. The meeting will also be recorded, and posted on the City's website at the conclusion of the meeting: <https://sthelena.civicweb.net/Portal/>

The ZOOM web link, meeting ID, and phone number will be listed at the top of the Meeting Agenda. You will be required to enter the meeting ID, but there will be no password or participant ID.

How to Watch or Listen to Meetings:

1. Watch and Listen on Zoom.us by clicking on the link in the Agenda
2. Listen only by calling the Zoom number listed on the Agenda

Watch by Joining the Zoom Meeting:

1. By Computer, Tablet, or Smart Phone:

1. Before joining the virtual Meeting, it is highly encouraged that you download the Zoom App. To sign up for your own free account, visit

zoom.us/signup and enter your email address. You will receive an email from Zoom (no-reply@zoom.us). In this email, click Activate Account.

2. If you are logged into your account, Enter the **Meeting ID** listed on the Agenda. If you have not created an account go to: <https://zoom.us/join> and enter the **Meeting ID**
3. Select if you would like to connect audio and/or video and tap **Join Meeting**.

Ways to Provide Public Comment:

While attending the virtual Meeting, the public will have the opportunity to provide live public comment during Public Forum and after each agenda item. When it is the appropriate time for public comment the Chair will verbally open public comment. At this time each individual is permitted 4 minutes to speak.

1. **Send a Public Comment in by 8:00 AM Prior to the Meeting to:**
publiccomment@cityofsthelena.org

The easiest way to provide public comment is to email your public comment. Public comments may be emailed to publiccomment@cityofsthelena.org. Please include in the subject line "COMMENT TO WATER ADVISORY BOARD and the AGENDA ITEM". Any public comment is required to be submitted no later than 2 hours before the scheduled meeting and will be included as an attachment to the agenda. All public comments will be made publicly available and attached to the agenda item and will not be read out loud. All public comments that are received after 8:00 AM will be attached to the agenda the following day.

2. **Provide Comment through Zoom meeting from a computer, tablet, or smart phone**

This option allows the public to virtually attend the meeting as a muted 'attendee' with no video or screen sharing capabilities. You will be able to see and hear those participating in the meeting, but they will not be able to hear you until the host unmutes you.

If you wish to provide public comment during a specific agenda item or during public forum, you can use the **"raise hand"** feature located in the control panel at the bottom of your screen. The icon is a small blue hand. In Windows you can also use the Alt+Y keyboard shortcut to raise or lower your hand. In Mac you can also use the Option+Y keyboard shortcut to raise or lower your hand.

The host will be notified that you've raised your hand and you will be placed in a queue with all incoming requests.

When it is your turn to speak, you will be notified that the host has unmuted you. To be removed from the queue, just click the **'raise hand'** button again.

3. Call in to the ZOOM meeting from a cell phone or landline phone only

This option allows the member of the public with the opportunity to verbally participate in public comment.

If you wish to speak during public comment time dial ***9** on your telephone.

The host will be notified that you would like to speak and you will be placed in a queue with all incoming requests.

When it is your turn to speak, you will be notified that the host has unmuted you. You may press ***9** again if you wish to be removed from the queue.

You will be notified at the end of your statement that you have been muted.

Determination:

Prepared By: April Mitts, Administrative Services Director

Approved By: April Mitts, Administrative Services Director

BACKGROUND

On October 27, 2020, the City Council established Phase II Water Regulations and, in accordance with the St. Helena Municipal Code (SHMC), established the Water Advisory Board consisting of one City Council member, one Planning Commissioner, one winery customer, and two public members, one of whom shall solely be a residential customer.

The Water Advisory Board shall have access to all records in the possession of the water enterprise necessary in its judgement to perform its duties, including customer records. The Board shall maintain confidentiality of individual customer records unless the Board determines by resolution that release of such information is necessary in the pursuit of its duties.

The Water Advisory Board shall meet at least monthly and may grant permits for uses of water, for exceptions to water conservation measures, or for water connections otherwise prohibited. The Water Advisory Board shall prescribe necessary procedures for application for and use of exception permits pursuant to SHMC Section 13.04.280.

The City of St. Helena is committed to preventing water waste but also understands that, infrequently, a water leak may occur. When a water leak does occur, customers can request a credit to their utility bill for a portion of the excess water in accordance with P-FI-0005 Leak Adjustment Policy. This policy provides relief to St. Helena water customers who have had a leak that is not due to negligent or willful acts. Under the current Leak Adjustment Policy, leak adjustments are not granted if the City is in a Phase I or higher water emergency or subject to water use limitations by the State of California. However,

recognizing the City's conservation efforts as well as the authority granted under P-FI-0005 for Leak Adjustment appeals, any request for a leak adjustment during a Phase II or Phase III emergency are being evaluated by the City Manager.

In addition to the ability to qualify for a leak adjustment, the City recognizes that during a Phase II or Phase III water emergency, penalties may have been incurred as a result of a leak. On July 27, 2021, the City Council adopted a resolution designating that the Water Advisory Board can hear/make a determination for reduction of penalties for those customers who receive a penalty as a result of a water leak.

On August 6, 2021, the Water Advisory Board adopted policy - P-FI-0022 *Leak Adjustment Policy – Phase II and Phase III Water Penalties* and the applicable *Application Form*, to assist those customers who incurred penalties as a result of a water leak.

Per the established policy, the following criteria must be met:

1. The customer must have not received a leak letter for 2 or more consecutive months or can demonstrate there is a good faith effort to actively locate and fix leaks.
2. All leak(s) must be beyond the control of the owner, agents, tenants, contractors, or anyone occupying the property or using the property that could have reasonably foreseen such a possible leak.
3. The leak(s) cannot be the result of negligent, willful nor neglectful behavior.
4. Proof that the repairs were completed must be included with all requests for a penalty leak adjustment. Examples include a copy of the plumber's invoice or hardware store receipts showing items purchased or proof provided by the City that water use had returned to normal levels during subsequent months.

The Water Advisory Board will consider penalty leak adjustment amounts on a case-by-case basis with the following consideration:

- a. Up to 100% - First Leak
- b. Up to 50% - Subsequent Leaks

DISCUSSION

In accordance with P-FI-0022 *Leak Adjustment Policy – Phase II and Phase III Water Penalties* on August 3, 2021 the City received an application for a leak adjustment and a water penalty leak adjustment for consideration (Attachment 1 and Attachment 2).

Attachment 3 provides a summary of water use for this property
Attachments 4-10 provides Account Statements from March 2021 to present

Tables 1 through 3 provides additional information for the Water Advisory Board.

Table 1 - Current Allocation

	Current Allocation:		HCF	Gallons
Non-Residential:	June		25.50	19,075
	July		25.20	18,851
	August		24.30	18,178
	September		29.70	22,217
	October		14.40	10,772
	November		8.10	6,059

Table 2 - Penalties imposed:

	Month Imposed	Amount Imposed	Total Penalty Requested for Waiver	Over Allocation (HCF)	Over Allocation (Gallons)
Penalties Imposed:	June	\$ 12,528.70	\$ 50,114.80	219.500	164,197
	July	\$ 48,282.88	\$ 96,565.76	219.800	164,421
	August	\$ 529.25	\$ 529.25	15.700	11,744
	September				-
	October				-
	November	\$ -	\$ -		-
	TOTAL	\$ 61,340.83	\$ 147,209.81	455.000	340,363

Administrative approval of penalty waivers is up to \$50,000.

Table 3 – Leak Letters Sent

July 2021

The customer received a call from the City on Friday, July 30, 2021, at 1:25 p.m. to alert them of the leak. This call was triggered by the monthly meter read done on 7/28/21 by the City in which a leak alarm was triggered. The customer immediately looked over the outside of the building on the property and discovered a leak on the North-West corner of the building where the water main enters the building. The on-site gardening crew fixed the leak by 3:00 p.m. at which the water was turned back on. Water use decreased when the meter was read in August and further decreased to under allocation in September and has continued. The meter installed at this site is not able to provide a detailed meter read.

Based on the adopted policy, the total penalty waiver request is beyond the authority for Administrative Approval due to the dollar amount. Based on the information presented, staff recommends the Water Advisory Board approve the penalty waiver based on the following:

1. Upon receiving a phone call from the City, the property owner immediately fixed the leak.
2. If the leak had not occurred, the customer would have qualified for the penalty forgiveness program.
3. Due to the timing of the meter reads, it appears the excess water use which caused the penalty in August occurred on July 28, July 29, and July 30th.

FISCAL IMPACT

Dependent on Water Advisory Board recommendation.

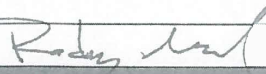

RECOMMENDED ACTION

City staff recommends the Water Advisory Board approve the Water Penalty Leak Appeal.

WATER LEAK INFORMATION (in addition to Water Leak Application)			
Month Penalties Occurred: June, July, August, 2022		Amount of Penalties Assessed: total \$86,398.23	
Please list any additional information for the Water Advisory Board consideration: The Penalty Forgiveness Program should apply to our excess consumption in June, July and August, (which was due to an undiscovered leak outside of the building). Because we met the requirement that no excess consumption occurred in any of August, September, October and November. The August bill, which shows excess consumption, includes consumption from July 27, when the meter was read, through July 30, when the leak was discovered and water service was shut off. Irrigation water since July 30 has been provided from an on-site well and domestic water from a temporary connection to 645 Main Street, which is currently vacant. There was actually no consumption during August and subsequent months.

WATER LEAK DESCRIPTION			
Describe how and where the leak occurred; in addition to how the leak was repaired. (Include any proof of repair, such as receipts, invoices and/or photos)			
The leak was brought to our attention by a phone call from the City on Friday, July 30 at 1:25pm to the Tre Posti office. We immediately look over the outside the building on the property since there was no sign of running water anywhere inside the building. The leak was discovered on the North-West corner of the building where the water main enters the building. My on site gardening crew installed a new gate valve at that location so that if we get any notices of a leak in the system, we can isolate the outside water line from the building which will then allow us to determine in the future if there are leaks in the landscaped areas outside of the building. (see attached photo of repair and new valve. The leak was repaired by 3:00 pm and the City water turned back on. On a separate note, the week before, we had removed all of the landscape areas that were watered with City water and changed them over to our well water which is used for all of the remaining landscaping on the Vineland Station property. We are certain we will remain within the allotted amounts allocated by the City for this building.

PLEASE READ & SIGN THE FOLLOWING STATEMENTS AS ACKNOWLEDGED AND REQUIRED BY THIS AGREEMENT		
I certify that I have read, understand and agree to the terms and conditions of a water leak adjustment policy identified below. - I am aware of and agree to comply with the Water and Waste Water System Rules and Regulations identified in the St. Helena Municipal Code: http://www.codepublishing.com/CA/StHelena - The water meter is property of the City of St. Helena. Turning on or off, tampering with or adjusting the meter is prohibited. - I am aware the excess water usage must be 100% higher than normal usage based on an average of the same billing period for the previous three years or the available account history. - I certify that the leak was not the result of negligent, willful or neglectful behavior. - I am aware leak adjustments will not be granted if water use does not comply with other existing laws. - I am aware that one (1) leak adjustment may be granted no more than once every 60 months per account. - I am aware adjustments are for one month only. - I am aware if any insurance payment, reimbursement from any other entity other than the City, or equivalent is received, I must immediately notify the City and may be required to pay back the adjusted amount. If I have received reimbursement for this leak, I must provide copies of the documentation with this form. I am aware leak adjustments will not be granted if the City is in a Phase 1 or higher water emergency or subject to water use limitations by the State of California. Also, leak adjustments will not be granted if a local natural disaster has been declared. I am requesting relief under P-FI-0005 Leak Adjustment Policy set by the City of St. Helena. I certify the information provided is accurate and true, and agree to comply with all requirements as set forth in the policy. Failure to comply with Water and Waste Water System Rules and Regulations or falsifying information subjects water/waste water service to termination and possible criminal prosecution. By signing this, I am formally requesting an appeal pursuant to Municipal code 13.04.180.

Report to the City Council
Water Advisory Board – 06 May 2022

Agenda Section: **NEW BUSINESS**

Subject: **Consideration of Penalty Adjustment – Woodson, Reed**

CEQA **Not a CEQA project**
Determination:

Prepared By: April Mitts, Administrative Services Director

Approved By: April Mitts, Administrative Services Director

BACKGROUND

On October 27, 2020, the City Council established Phase II Water Regulations and, in accordance with the St. Helena Municipal Code (SHMC), established the Water Advisory Board consisting of one City Council member, one Planning Commissioner, one winery customer, and two public members, one of whom shall solely be a residential customer.

The Water Advisory Board shall have access to all records in the possession of the water enterprise necessary in its judgement to perform its duties, including customer records. The Board shall maintain confidentiality of individual customer records unless the Board determines by resolution that release of such information is necessary in the pursuit of its duties.

The Water Advisory Board shall meet at least monthly and may grant permits for uses of water, for exceptions to water conservation measures, or for water connections otherwise prohibited. The Water Advisory Board shall prescribe necessary procedures for application for and use of exception permits pursuant to SHMC Section 13.04.280.

The City of St. Helena is committed to preventing water waste but also understands that, infrequently, a water leak may occur. When a water leak does occur, customers can request a credit to their utility bill for a portion of the excess water in accordance with P-FI-0005 Leak Adjustment Policy. This policy provides relief to St. Helena water customers who have had a leak that is not due to negligent or willful acts. Under the current Leak Adjustment Policy, leak adjustments are not granted if the City is in a Phase I or higher water emergency or subject to water use limitations by the State of California. However,

recognizing the City's conservation efforts as well as the authority granted under P-FI-0005 for Leak Adjustment appeals, any request for a leak adjustment during a Phase II or Phase III emergency are being evaluated by the City Manager.

In addition to the ability to qualify for a leak adjustment, the City recognizes that during a Phase II or Phase III water emergency, penalties may have been incurred as a result of a leak. On July 27, 2021, the City Council adopted a resolution designating that the Water Advisory Board can hear/make a determination for reduction of penalties for those customers who receive a penalty as a result of a water leak.

On August 6, 2021, the Water Advisory Board adopted policy - P-FI-0022 *Leak Adjustment Policy – Phase II and Phase III Water Penalties* and the applicable *Application Form*, to assist those customers who incurred penalties as a result of a water leak.

Per the established policy, the following criteria must be met:

1. The customer must have not received a leak letter for 2 or more consecutive months or can demonstrate there is a good faith effort to actively locate and fix leaks.
2. All leak(s) must be beyond the control of the owner, agents, tenants, contractors, or anyone occupying the property or using the property that could have reasonably foreseen such a possible leak.
3. The leak(s) cannot be the result of negligent, willful nor neglectful behavior.
4. Proof that the repairs were completed must be included with all requests for a penalty leak adjustment. Examples include a copy of the plumber's invoice or hardware store receipts showing items purchased or proof provided by the City that water use had returned to normal levels during subsequent months.

The Water Advisory Board will consider penalty leak adjustment amounts on a case-by-case basis with the following consideration:

- a. Up to 100% - First Leak
- b. Up to 50% - Subsequent Leaks

DISCUSSION

In accordance with P-FI-0022 *Leak Adjustment Policy – Phase II and Phase III Water Penalties* on December 6, 2021, the City received an application for a leak adjustment and a water penalty leak adjustment for consideration (Attachment 1 and Attachment 2).

Attachment 3 provides a summary of water use for this property.

Customer subscribes to electronic statements therefore printed statements are not available for this customer.

Tables 1 through 3 provides additional information for the Water Advisory Board.

Table 1 - Current Allocation – based on a 30-day month:

Residential:	Current Allocation - based on a 30-day month, peak period					
					Gallons	HCF
	Number in Household:				7,800	
	Phase II Outdoor Summer Allocation:				2,500	
	Additional Exception				7,500	
					17,800	23.80

Table 2 - Penalties imposed:

Penalties Imposed:	Month Imposed	Amount Imposed	Total Penalty Requested for Waiver	Over Allocation (HCF)	Over Allocation (Gallons)
	June	\$ 775.89	\$ 3,103.56	31.627	23,659
	July	\$ 967.32	\$ 1,934.64	25.900	19,374
	August	\$ 2,780.90	\$ 2,780.90	29.285	21,907
	September	\$ 4,538.95	\$ 4,538.95	37.021	27,694
	October	\$ 2,953.80	\$ 2,953.80	29.634	22,168
	November	\$ 3,940.20	\$ 3,940.20	32.631	24,410
	TOTAL	\$ 15,957.06	\$ 19,252.05	186.10	139,211

Table 3 – Leak Letters Sent

August 2021

Staff had reviewed the application and denied the appeal an administrative level due to there not being any specific proof the leaks had been repaired and the use in 2021 was consistent with previous years use. Table 4 provides a three-year summary of the use for this property from the months of June through December. Please note in 2020, meter reads were not done during September due to the Glass Fire. The meter read in October was 105 units, which was split between September and October for 2020.

The Customer was sent notification on February 25, 2022, of the denial.

Table 4 – 3-year historical use

	June	July	August	Sept	Oct	Nov	Dec
2021	57	50	53	62	52	55	3
2020	55	56	61	52	53	15	34
2019	67	57	58	63	48	38	0

On February 26, 2022, the customer contacted the City regarding the denial and asked this case be reviewed on the following:

1. When customer was notified usage was unusually high
2. What steps the customer took to remedy the problem
3. What were the results following the remedy

The summary below was provided to staff by the customer via email (Attachment 4):

I was notified in late summer 2021 that my water usage appeared high. I contacted a local Saint Helena contractor (Centric General Contractors) and had them walk my entire property. They identified a leak in the yard and notified me immediately (payment attached). [Attachment 5]

Next I hired a local property manager (Vicente Alcantar) to come and fix the leak (which he did, payment attached). [Attachment 6]

Then, to be thorough, I hired a plumber (Rogar Plumbing, Inc) to come and walk through the entire house and inspect every single valve, knob & faucet where there could be leaks. He identified a few slow drips under a sink (which I replaced for over \$500) and tightened all the connections throughout the house (invoice attached). [Attachment 7]

I'm not sure what the city of Saint Helena would expect me to do beyond what I have already done.

I spent over \$4000 trying to comply the best that I was able.

My understanding is that these penalties are meant for blatant violators who thumb their nose at the local ordinance and continue to use water as they please, yet I have done everything in my power to comply with the city's requests.

I took swift action after being notified of the leaks, and the results showed a clear reduction of water usage.

I'm not sure how, after reviewing this case, these penalties wouldn't be waived?

If you would kindly have another look at the chronology of events, my actions, and the supporting documents that I have just provided I would greatly appreciate it.

Staff reviewed the additional information and, while able to see repairs were completed, was not able to make a determination on an administrative level.

FISCAL IMPACT

Dependent on Water Advisory Board recommendation.

RECOMMENDED ACTION

Discuss and make a determination for Water Penalty adjustment request.

WATER LEAK INFORMATION (in addition to Water Leak Application)			
Month Penalties Occurred: June - Nov		Amount of Penalties Assessed: \$13,755.38	
Please list any additional information for the Water Advisory Board consideration: I received a bill informing me of my first penalty on July 23rd, notifying me I had gone over my allotment. I assumed this was due to irrigation, so I reduced the watering to the bare minimum. I called your office July 31st and was informed that city records only reflected 2 residents vs 4 for our 3BR home so I submitted a waiver application, thinking that would clear up our allotment issue. I recieved my next bill on Sept 25th with penalties for July & August, but assumed those would be retroactively reduced once my residential allotment was adjusted. Nov 23rd I received my next bill with massive penalties for Sept & Oct. I immediately called my contractor (Centric Builders in Saint Helena) and they went to the property and found a leak, documented with videos. I have since fixed the leak and am seeking forgiveness. Thank you.			
PLEASE READ AND SIGN THE FOLLOWING STATEMENTS AS ACKNOWLEDGED AND REQUIRED BY THIS AGREEMENT			
- I have read and will adhere to all specific requirements of <i>P-FI-0022 Leak Adjustment Policy – Phase II and Phase III Water Penalties</i> and to any other specified conditions as determined by the City of St. Helena or Water Advisory Board. - I am aware of and agree to comply with the Water and Wastewater System Rules and Regulations identified in the St. Helena Municipal Code: http://www.codepublishing.com/CA/StHelena. - I certify that the leak was not the result of neglect, willful or neglectful behavior. - By signing below, applicant acknowledges and consents to the Water Advisory Board's review and use of applicant's customer records for the purpose of making a decision related to this application, and understands that such information, including historical water use, leak information, and other water use related information may be discussed and disclosed at a public meeting. - I am requesting relief under <i>P-FI-0022 Leak Adjustment Policy – Phase II and Phase III Water Penalties</i>. - By signing this form, I certify the information provided is accurate and true, and agree to comply with all requirements set forth in the policy. Failure to comply with Water and Wastewater System Rules and Regulations or falsifying information subjects water/waste water service to termination and possible criminal prosecution.

WATER LEAK DESCRIPTION			
Describe how and where the leak occurred; in addition to how the leak was repaired. (Include any proof of repair, such as receipts, invoices and/or photos)			
I received a bill informing me of my first penalty on July 23rd, notifying me I had gone over my allotment. I assumed this was due to irrigation, so I reduced the watering to the bare minimum. I called your office July 31st and was informed that city records only reflected 2 residents vs 4 for our 3BR home so I submitted a waiver application, thinking that would clear up our allotment issue. I recieved my next bill on Sept 25th with penalties for July & August, but assumed those would be retroactively reduced once my residential allotment was adjusted. Nov 23rd I received my next bill with massive penalties for Sept & Oct. I immediately called my contractor (Centric Builders in Saint Helena) and they went to the property and found a leak, documented with videos. I sent in the video to Martin Beltran in your office, and I have since fixed the leak. I am seeking forgiveness, as I was unaware of this leak and had reason to believe the penalties were for the above-listed reasons. Thank you, Reed Woodson

PLEASE READ & SIGN THE FOLLOWING STATEMENTS AS ACKNOWLEDGED AND REQUIRED BY THIS AGREEMENT		
I certify that I have read, understand and agree to the terms and conditions of a water leak adjustment policy identified below. - I am aware of and agree to comply with the Water and Waste Water System Rules and Regulations identified in the St. Helena Municipal Code: http://www.codepublishing.com/CA/StHelena - The water meter is property of the City of St. Helena. Turning on or off, tampering with or adjusting the meter is prohibited. - I am aware the excess water usage must be 100% higher than normal usage based on an average of the same billing period for the previous three years or the available account history. - I certify that the leak was not the result of negligent, willful or neglectful behavior. - I am aware leak adjustments will not be granted if water use does not comply with other existing laws. - I am aware that one (1) leak adjustment may be granted no more than once every 60 months per account. - I am aware adjustments are for one month only. - I am aware if any insurance payment, reimbursement from any other entity other than the City, or equivalent is received, I must immediately notify the City and may be required to pay back the adjusted amount. If I have received reimbursement for this leak, I must provide copies of the documentation with this form. I am aware leak adjustments will not be granted if the City is in a Phase I or higher water emergency or subject to water use limitations by the State of California. Also, leak adjustments will not be granted if a local natural disaster has been declared. I am requesting relief under P-FI-0005 Leak Adjustment Policy set by the City of St. Helena. I certify the information provided is accurate and true, and agree to comply with all requirements as set forth in the policy. Failure to comply with Water and Waste Water System Rules and Regulations or falsifying information subjects water/waste water service to termination and possible criminal prosecution. By signing this, I am formally requesting an appeal pursuant to Municipal code 13.04.180.

Good morning April,

Just wanted to make sure you had received my last email on February 26th with all the supporting documentation of the work I did to promptly fix the water leak?

I just got a new bill for \$16,451.89

Thanks —

Hi April,

Thank you for taking the time to review my case.

To be honest, I'm not sure why your department would be comparing the water usage from Feb of 2021 when it appears that the leak started 5 months later, in July of 2021?

But as it pertains to any increase of usage in Feb20 vs Feb21 — that data comparison doesn't confirm a leak, rather reflects that we didn't use our house much last Feb and have decided to spend more time up there this winter.

What seems logical to review would be:

- 1) when I was notified the usage was unusually high
- 2) what steps I took to remedy the problem
- 3) and what resulted afterwards

To recap:

I was notified in late summer 2021 that my water usage appeared high. I contacted a local Saint Helena contractor (Centric General Contractors) and had

them walk my entire property. They identified a leak in the yard and notified me immediately (payment attached).

Next I hired a local property manager (Vicente Alcantar) to come and fix the leak (which he did, payment attached).

Then, to be thorough, I hired a plumber (Rogar Plumbing, Inc) to come and walk through the entire house and inspect every single valve, knob & faucet where there could be leaks. He identified a few slow drips under a sink (which I replaced for over \$500) and tightened all the connections throughout the house (invoice attached).

I'm not sure what the city of Saint Helena would expect me to do beyond what I have already done.

I spent over \$4000 trying to comply the best that I was able.

My understanding is that these penalties are meant for blatant violators who thumb their nose at the local ordinance and continue to use water as they please, yet I have done everything in my power to comply with the city's requests.

I took swift action after being notified of the leaks, and the results showed a clear reduction of water usage.

I'm not sure how, after reviewing this case, these penalties wouldn't be waived?

If you would kindly have another look at the chronology of events, my actions, and the supporting documents that I have just provided I would greatly appreciate it.

Thank you.

Hi Reed,

Thank you for your patience as the City reviews the applications for Water

Penalty Leak Appeals. In reviewing the appeal application I am unable to approve the appeal on an administrative level as I do not see proof the leaks were repaired. In particular I am looking at the use history which is consistent with previous years use. I do see there was a dramatic decrease in use in November and December (3 units and 9 units respectively); however, the use in February has jumped to 69 units which is 19 units higher than the same time last year.

Based on this information your Water Penalty Leak Adjustment is being denied. If there is additional information that I do not have, please let me know as soon as you can so I can re-evaluate the application.

Again, thank you for your patience and please do not hesitate to reach out with any questions.

Report to the City Council
Water Advisory Board – 06 May 2022

Agenda Section: **NEW BUSINESS**

Subject: **Consideration of Penalty Adjustment – 929 Wine Bar**

CEQA Determination: **Not a CEQA project**

Prepared By: April Mitts, Administrative Services Director

Approved By: April Mitts, Administrative Services Director

BACKGROUND

On October 27, 2020, the City Council established Phase II Water Regulations and, in accordance with the St. Helena Municipal Code (SHMC), established the Water Advisory Board consisting of one City Council member, one Planning Commissioner, one winery customer, and two public members, one of whom shall solely be a residential customer.

The Water Advisory Board shall have access to all records in the possession of the water enterprise necessary in its judgement to perform its duties, including customer records. The Board shall maintain confidentiality of individual customer records unless the Board determines by resolution that release of such information is necessary in the pursuit of its duties.

The Water Advisory Board shall meet at least monthly and may grant permits for uses of water, for exceptions to water conservation measures, or for water connections otherwise prohibited. The Water Advisory Board shall prescribe necessary procedures for application for and use of exception permits pursuant to SHMC Section 13.04.280.

The City of St. Helena is committed to preventing water waste but also understands that, infrequently, a water leak may occur. When a water leak does occur, customers can request a credit to their utility bill for a portion of the excess water in accordance with P-FI-0005 Leak Adjustment Policy. This policy provides relief to St. Helena water customers who have had a leak that is not due to negligent or willful acts. Under the current Leak Adjustment Policy, leak adjustments are not granted if the City is in a Phase I or higher water emergency or subject to water use limitations by the State of California. However,

recognizing the City's conservation efforts as well as the authority granted under P-FI-0005 for Leak Adjustment appeals, any request for a leak adjustment during a Phase II or Phase III emergency are being evaluated by the City Manager.

In addition to the ability to qualify for a leak adjustment, the City recognizes that during a Phase II or Phase III water emergency, penalties may have been incurred as a result of a leak. On July 27, 2021, the City Council adopted a resolution designating that the Water Advisory Board can hear/make a determination for reduction of penalties for those customers who receive a penalty as a result of a water leak.

On August 6, 2021, the Water Advisory Board adopted policy - P-FI-0022 *Leak Adjustment Policy – Phase II and Phase III Water Penalties* and the applicable *Application Form*, to assist those customers who incurred penalties as a result of a water leak.

Per the established policy, the following criteria must be met:

1. The customer must have not received a leak letter for 2 or more consecutive months or can demonstrate there is a good faith effort to actively locate and fix leaks.
2. All leak(s) must be beyond the control of the owner, agents, tenants, contractors, or anyone occupying the property or using the property that could have reasonably foreseen such a possible leak.
3. The leak(s) cannot be the result of negligent, willful nor neglectful behavior.
4. Proof that the repairs were completed must be included with all requests for a penalty leak adjustment. Examples include a copy of the plumber's invoice or hardware store receipts showing items purchased or proof provided by the City that water use had returned to normal levels during subsequent months.

The Water Advisory Board will consider penalty leak adjustment amounts on a case-by-case basis with the following consideration:

- a. Up to 100% - First Leak
- b. Up to 50% - Subsequent Leaks

DISCUSSION

In accordance with P-FI-0022 *Leak Adjustment Policy – Phase II and Phase III Water Penalties* on November 12, 2021, the City received an application for a leak adjustment and a water penalty leak adjustment for consideration (Attachment 1 and Attachment 2).

Attachment 3 provides a summary of water use for this property.

Attachments 4-10 provides Account Statements from January 1, 2021 to present

Tables 1 through 3 provides additional information for the Water Advisory Board.

Administrative approval of penalty waivers is up to \$50,000.

Table 3 – Leak Letters Sent

March 2021

The customer has been corresponding with the City on a regular basis regarding water use and penalties incurred. The following is a summary of the recorded interactions between 929 Wine Bar and the City since October 2020. These are recorded in the City's software system as service requests and is not all inclusive of all interactions:

1. 10/15/20 – City pulled a 180-day Detailed Meter Read (Meter Read) and the profile shows leak status during the period, but the leak dial was not spinning at the time the Meter Read was done.
2. 3/22/21 – City pulled a 365-day Meter Read report. The report indicated a leak; however, at the time of the report the meter was not spinning.
3. 8/5/21 – Customer requested a leak check after receiving a letter stating they were on the June leak report. Staff pulled a 90-day Meter Read and the report showed

did not show a leak status; however, it did show excessive usage of 7 units (HCF) of water every four or five days with sporadic continuous usage in May 2021.

4. 10/6/21 – Customer called stating the property had been closed since March 2020 and should not have any usage. Customer stated they thought someone is stealing their water or the meter is faulty.
5. 10/14/21 – Staff spoke with customer, and a leak in the irrigation valve was found. The customer requested the water be shut off until the leak was repaired. The read on 10/14/21 was 6060.81. It is staff's indication the meter was shut off at this time and the property owner was to call staff to turn the meter back on. The customer stated City staff was to come by and shut off the meter; however, staff never came. Unfortunately, the staff member who completed the service request is not available for clarification. Staff looked at a later Meter Read and can see usage stopped on 10/14/21 between 11:18 a.m. and 12:18 p.m. then resumed on 10/18/21 between 5:18 a.m. and 6:18 a.m. (See #6 below)
6. 3/3/22 – In order to determine when use occurred, the City pulled a 365-day Meter Read, which showed a leak status (Attachment 11). The meter was not spinning at that time; however, the handheld showed an active leak status. The meter was left on. City staff left a message for the customer to confirm if they would like the meter on or off. As of 4/29/22, the meter water is on.
7. 3/10/22 – Staff reached out via email to customer for additional information regarding the leak such as:
 - a. Details on the leak – what happened and how it was fixed
 - b. Invoices showing the leak was fixed
 - c. Date the leak was fixed
 - d. Any other pertinent information to convey to the Water Advisory Board
8. 3/17/22 – Customer responded to staff and included the invoice and pictures (Attachment 12) from the repair. Repairs include a defective solenoid at one of the sprinkler valves and inspection and repair of all water lines. Repairs were completed on 12/23/21.

Due to the uncertainty if the water was shut off on 10/14/21 as noted, staff examined how much water was consumed between 10/12/21 and 12/23/21 when the repairs were completed. The total use during this time period was 125 HCF and use is consistent with an irrigation system on a timer. Table 4 provides a summary of the use. Please note, the City removed the Phase II restrictions in November 2021 and no penalties were incurred for December use.

Table 4 – Summary of Use from 10/18/21 through 12/23/21

12/13/2021	5:18	12:18	8
Use stopped until 2/9/22			
TOTAL HCF			125

In addition, the bulk of the water use occurred between 10/7/21 and 10/14/21 where it can be seen in the Meter Report there was continuous use during this period which resulted in the use of 173 units of water.

Based on the adopted policy, the appeal presented is beyond the authority for Administrative Approval.

Please list any additional information for the Water Advisory Board consideration: Good Afternoon, We are unaware that there was a leak at our property located at 929 Main Street, St Helena, CA. Since the pandemic began, we have been closed. In the past, this department has called us if they noticed that the meter was running for 24 hours. However, we never received a phone call. We have made several phone calls to St Helena to discuss these extremely high usage bills. However, they never told us there was a leak. We called the Water Department to have the water turned off. We also had our plumber meet the Water Department's representative to figure out what the problem was. That's when they figured out there was a leak. Can you please remove these penalties?			
PLEASE READ AND SIGN THE FOLLOWING STATEMENTS AS ACKNOWLEDGED AND REQUIRED BY THIS AGREEMENT

**PLEASE READ & SIGN THE FOLLOWING STATEMENTS
AS ACKNOWLEDGED AND REQUIRED BY THIS AGREEMENT**

I certify that I have read, understand and agree to the terms and conditions of a water leak adjustment policy identified below.

- I am aware of and agree to comply with the Water and Waste Water System Rules and Regulations identified in the St. Helena Municipal Code: <http://www.codepublishing.com/CA/StHelena>
- The water meter is property of the City of St. Helena. Turning on or off, tampering with or adjusting the meter is prohibited.
- I am aware the excess water usage must be 100% higher than normal usage based on an average of the same billing period for the previous three years or the available account history.
- I am aware the excess sewer adjustment only applies to leaks that occurred outdoors.
- I certify that the leak was not the result of negligent, willful or neglectful behavior.
- I am aware leak adjustments will not be granted if the City is in a Phase I or higher water emergency or subject to water use limitations by the State of California. Also, leak adjustments will not be granted if a local natural disaster has been declared.
- I am aware leak adjustments will not be granted if water use does not comply with other existing laws.
- I am aware that one (1) leak adjustment may be granted no more than once every 60 months per account.
- I am aware adjustments are for one month only.
- I am aware if any insurance payment, reimbursement from any other entity other than the City, or equivalent is received, I must immediately notify the City and may be required to pay back the adjusted amount. If I have received reimbursement for this leak, I must provide copies of the documentation with this form.

I am requesting relief under P-11-0005 Leak Adjustment Policy set by the City of St. Helena. By signing this form, I certify the information provided is accurate and true, and agree to comply with all requirements as set forth in the policy. Failure to comply with Water and Waste Water System Rules and Regulations or falsifying information subjects water/waste water service to termination and possible criminal prosecution.

By signing this, I am formally requesting an appeal pursuant to Municipal code 13.04.180.
