GENERAL QUESTIONS:

Have you ever attended a meeting of the Commission to which you are applying?

yes - 12/11/24

What is your understanding of the role and responsibility of this Commission?

From my understanding, this committee's general responsibility is to oversee the administration of the library for the community's benefit. Furthering this, I see that an important responsibility of the committee is to continue diversify and expand its work to reach new spaces/individuals.

What would be your goal(s) as a Commissioner?

As a community member who values the role of public libraries - in how they are accessible, provide

THIS DOCUMENT AND ALL ATTACHMENTS ARE AVAILABLE FOR PUBLIC INSPECTION

information/education, and build community and safe spaces - to be part of this committee, a pivotal goal would be to continue this work and expand it to our marginalized communities in St. Helena.

Is there anything else you would like us to consider when reviewing your application?

Through my line of work with the family centers, I've been able to come to understand a lot of the 'behind the scenes' work that occurs throughout our UpValley community. With that, I've also learned more about the fundamental needs that our community has. At the moment, much of my goals and focus lie on our community's well-being and ability to access resources pertaining to their health and wellness. I would be interested to see how this could be incorporated into the work that this committee is already doing!

I agree that all of the information contained in my responses to the questions on this application are true and accurate to the best of my knowledge. I further agree that, by checking the box below and submitting this application, online or otherwise, I am affixing my digital signature to this form as of the date submitted. I also agree that if appointed, I will serve on the Commission/Committee for which I have submitted this application.

RESEARCH/ACADEMIC EXPERIENCE**Critical Race & Ethnic Studies Thesis Project****Aug. 2021 - May 2022**

“Power Dynamics in a Capitalistic and Tourist-Centered Agriculture: The Case of Napa Valley’s Fieldworkers”

- Outlined and identified research that explores the relationship between race and power in the Napa Valley (i.e. hometown)
- Collaborated closely with Professor Christina N. Baker, PhD
- Conducted an interview in Spanish with a fieldworker from the Napa Valley and translated findings to serve as primary source data

Collaborative Research: Accessing K-12 Educational Inequality in California’s Central Valley**Aug. 2021 - Apr. 2022**

Worked closely with Professor Catalina Amuedo-Dorantes (Economics and Business Management) in her research regarding K-12 education

- Researched federal budget funding/spending (by reaching out to department representatives) and recorded data
- Identified which California school districts are “low-performing” (determined by test scores, graduation rates, chronic absenteeism, etc.), have persistent performance issues, and which districts participate in college readiness programs
- Analyzed how resource availability during K-12 (specifically High School) could either encourage or discourage the pursuit of higher education (i.e. educational barriers)

Ethnographic Research: Social Media as a Tool for Social Advocacy**Jan. 2021 - May 2021**

Research pertained to social justice issues, such as systemic racial injustices, diversity, equity, and representation. The framing question asked how social media serves as a vehicle for purposeful change within society.

- Cataloged social movements across social media platforms [archival documents/imageries/materials]

Ethnographic Research: Effects of COVID-19 Pandemic on College Students**Aug. 2020 - Dec. 2020**

Research focused on underlying factors that differentiate the impact of the COVID-19 pandemic on students’ overall lives, such as race/ethnicity

- Independently designed research outline
- Synthesized/analyzed limited research and discovered crucial social trends
- Presented findings along with an academic report (25 pages- excluding additional Literature Review)

Ethnohistory Field Study Research**Aug. 2019 - Dec. 2019**

Through study and analysis of historical media, (such as native oral tradition, visual images, and inscribed records) analyzed how “race,” “ethnicity,” and indigeneity are historically and culturally specific (dependent on time and place); relational (not formed in isolation); and intersectional (informed by other social formations such as class, gender, sexuality, etc.)

- Ethically assessed the process and impact of European colonialism (through the usage of historical documents/oral accounts) to understand better the experiences of colonialism that resonate with indigenous and pluralistic communities to this day
- Research mainly focused on Yosemite Indigenous Communities and Mission Santa Clara, San Francisco

OTHER EXPERIENCE**AVID tutor****2018 - 2020**

- Coordinated and facilitated collaborative tutorial groups
